

4 Courses

Cloud Security Basics

Cloud Data Security

Cloud Application Security

Cloud Top Ten Risks

May 21, 2022

**MARYAM ARAMIDE ADEGBITE**

has successfully completed the online, non-credit Specialization

# Cybersecurity in the Cloud

In this Specialization, learners developed skills in assessing and documenting security risks and identifying available defenses to address them.

Richard E. Smith, PhD,  
CISSP

Lecturer in Software  
Engineering  
Department of  
Computer Science and  
Engineering

The online specialization named in this certificate may draw on material from courses taught on-campus, but the included courses are not equivalent to on-campus courses. Participation in this online specialization does not constitute enrollment at this university. This certificate does not confer a University grade, course credit or degree, and it does not verify the identity of the learner.
